Dear prayer warriors,

March-April 2022

Thank you so much for praying for my trip to Ukraine. Everything went well, praise the Lord, and the Brother there assured us that it will be a great relieve and a blessing to the people there. We bought food to feed 50 people for half a month and also baby food to last 40 little ones for about a month. We got 6 shopping carts full and almost filled up a van plus \$ 600 worth of baby formula. But we had to split the goods into two van loads because of weight restrictions. We just wanted to pass the blessing on to those of you who participated financially in making this possible. by helping us you are helping them and in Phil 4:14 it is your fruit as well.

The trip went smoothly, I went to the first city in Ukraine after the border, bout 70 km into the country and the Pastor from Odessa came and met us there to pick up the goods. Since I have no men in our church to go with me and my wife is not able to stay away longer than a day, I chartered a ride to Izmail with three vans , from a non-profit organization in Bucharest, of which two were loaded with our goods and I donated the cost for the trip. This organization made the same trip for a friend of ours and several churches in the Timisoara area before.

When I was shopping for the baby formula, I met a Ukrainian lady and her teenage daughter in the parking lot and helped them with some translation. I told her that I am a missionary pastor and what I'm about to do. She told me that she is Ukrainian, and almost in tears told me that I was. a hero for what I do for Ukraine and hugged me. But it's not me, you are the heroes and the Lord through you. Just want to pass on the blessing.

Next week we celebrate resurrection Sunday here in Romania and therefore we can't go anywhere, but Lord willing the week after that we will make another trip.

I have talked to another missionary friend here in Romania and he will participate as well with funds that he has received. and we think we'll be able to buy another load, but this time we plan to go alone with the Ukrainian missionaries to Moldova, that our church supports. We'll see how this will work out. Please pray for that. We have so many options where to take the food. We could take it to a nursing

home, an orphanage, or a different Baptist church. All of those are deeper inside Ukraine. Please pray that we can make the needed logistical arrangements for pick up in Ukraine and that the food will reach the right people.

Thank you again and we'll come back with an update after the next trip. We also continue to provide the needed medicine for the Ukrainians that we helped with housing here in Romania. Please also pray for our smaller van. We have found and purchased for \$500 the needed parts to repair the clutch, but we still need to find a shop to fix it quickly and inexpensively.

Because of HIM, your Missionaries to Romania, Stefan, Sandra, Daniel, Benjamin, Gabriela Calin.
