

# Bruce Martin Family Missionary Report

April 2022

## Teaching Opportunities

This year began with plans for more classes and helping with other training programs around the world. Our college level teaching in Spanish is growing. The spring semester of our online Theology class found me teaching Ecclesiology (the doctrine of the Church). I have over 20 students studying online in Chile, Argentina, Peru, Honduras, Mexico, and the U.S.A. We started our online live teaching several years before the COVID pandemic and, now, it continues to grow. We are hoping to confer some Bachelor's degrees this next year in Mexico and Peru. Our school is grateful for the help of other teachers, such as my brother-in-law, David Lott, and his son, Jonathan Lott.

I am also teaching in our English college and taught a modular class on Evangelism in Missions. In April, I had the privilege of teaching a modular class on Principles of Bi-

ble Translation at Masters College in Fargo, North Dakota. While I was in Fargo, I recorded an internet class on The Life of Christ with Missionary Jeff Lange for his new online Bible Institute.

In May, I will be travelling to Mexico to teach at a preacher's con-

ference in the state of Chiapas. Also in May, I will be teaching in our Spanish online college a Theology course on Angiology and then in July a course on Eschatology (Future events). So, as you can see, I keep a full teaching schedule.

Teaching online with the students throughout Latin America

## Missionaries to Latin America

Sponsored since 1980 by:

Metropolitan Baptist Church  
6051 Azle Ave.  
Fort Worth, TX 76135  
Tel.: (817) 237-2201  
Cell: (817) 939-1944

## Prayer request for our sending church

My home church, Metropolitan Baptist in Fort Worth, Texas, has had the privilege of being pastored by Bro. Jim Turner since 2011. He has been a wonderful leader and supporter of our ministry. In March of 2022, Bro. Turner announced his retirement from the pastorate. He will be moving to Georgia, but will still

be helping our college classes and he plans to make some trips to the mission field with me and the other missionaries that have been sent out of our church.

We are presently looking for a new pastor for the church. I was chosen to participate in the pulpit committee and my primary goal is

to help the committee find a man that can continue the missionary commitment that has been a part of Metropolitan for almost half of a century.

Please remember this prayer need.

## Health needs for Provi

At the beginning of this year, Provi began to have some bad hip pain which affected her walking. For several months she tried using a chiropractor and other light treatments with no relief. She finally had a doctor prescribe some X-rays and she has severe deterioration and arthritis in her left hip socket . The recom-

mendation from the doctor is a hip replacement.

Because of my travel schedule, we were very concerned about scheduling the surgery so that I could be at home during her recovery. Thankfully, the doctor worked with us, and we have scheduled the hip replacement for June 14.

The doctor informed us that she is an ideal candidate for the replacement and he foresees no problems.

We would be very grateful for your prayers and encouragement for Provi in the next few weeks as she prepares for the surgery.
